Re: United States of America vs Felipe Domanguera
Case Number CR 04-0061 (DAE) Assignment of Legal Counsel
For §2255 Motion.

Dear Sir,

On August 24, 2006, through via telephone, I spoke with a Judge/Magistrate with regards to the assignment of an attorney being assigned to me. This conversation took place here at this Federal Facility in the office of my Case Manager. I have not received any correspondence for the Court, nor have I received any correspondence from any legal counsel with regards to my request in my last letter to the Office of the Court Clerk in this district's jurisdiction.

This letter was sent on July 27, 2006 and this telephone conversation took place on August 24, 2006 and I believe that the time limitations with regards to a §2255 Motion may be running out of time. Since I have not yet received any correspondence from your office nor any attorney, I request that the time limit for my §2255 Motion be extended, and that it will commence from the time that I was assigned legal counsel to represent me in this matter. Thank you for your time and for your consideration in this most important matter.

Very truly yours,

RECEIVED
